

MindTrack Solutions — Design Thinking: Digital Wellness Monitoring Platform

June 12, 2026

Empathize

🧑🏻 Capture real behaviors and pain points from students and young professionals.

1 icon

Interviews

College students

Young professionals

Observations

Daily screen patterns

Pain usage times

Issues

Distraction

Poor sleep

Eye strain

Define

🎯 Clarify the core need and frame a focused problem to solve.

2 icon

User	Pain	Need	How
Students	Low awareness	Simple monitoring	Platform insights
Young pros	Overuse habits	Wellness guidance	Adjustable nudges

Ideate

💡 Generate and expand solution ideas for digital wellness.

3 icon

Sticky notes

Features

Screen time tracking
App analytics
Wellness score
Focus mode
Sleep monitoring
AI recommendations
Weekly reports

Prototype

📱 Outline a first usable version of the platform.
